

Cable tray cover plate thickness price

Article Overview

Cable tray cover plates typically range from 0.8 mm to 5 mm in thickness, with prices varying by material, size, and supplier.

Thickness Options

- Steel covers: Commonly 0.8 mm to 3 mm for general industrial and commercial use, with heavy-duty options up to 5 mm for high-load environments .
- Aluminum covers: Lightweight and corrosion-resistant, usually 1 mm to 3 mm thick, suitable for humid or outdoor conditions .
- Stainless steel covers: Typically 2 mm to 3 mm thick, ideal for chemical or moisture-prone environments, offering high durability and long-term corrosion resistance .
- Cover clamps: Some systems use 1.5 mm thick clamps to secure covers without screws, providing robust and quick installation .

Price Range

- India suppliers: Prices start around ₹95 per meter for standard metal cable trays, with slight variations depending on supplier and bulk orders .
- Industrial-grade covers: Steel or galvanized covers with 3 mm thickness can cost more due to durability and corrosion protection, with prices available on platforms like Alibaba and NewReach .
- Aluminum and stainless steel: Higher upfront cost than standard steel but offer long-term savings in maintenance and replacement .
- Wholesale and bulk orders: Prices are often negotiable, and suppliers provide factory or bulk pricing for large projects
