

Eastern European electrical distribution boxes manufacturer in stock

Article Overview

Eastern Europe hosts a range of electrical distribution box manufacturers offering industrial-grade enclosures, customizable solutions, and compliance with international standards.

Key Manufacturers and Regions

- DKC Group (Italy-based, with Eastern European operations) DKC provides a wide range of electrical distribution solutions, including cable trays, energy protection, and distribution boxes suitable for civil and industrial infrastructures. They have expanded internationally, including Eastern European markets, offering products for both power and signal distribution .
- IDE Electric (Spain, with regional distribution in Eastern Europe) IDE Electric specializes in metal and polyester cabinets for electrical distribution, control, and automation systems. Their products are highly customizable, with IP44-IP67 protection, and are suitable for industrial applications. They provide modular solutions and accessories like busbar supports and distribution blocks .
- Wieland Electric (Germany, supplying Eastern Europe) Wieland offers decentralized and pluggable distribution boxes for smart buildings and industrial projects. Their enclosures comply with IEC 61439 and IEC 61535 standards, supporting flexible installation and integration of automation and energy systems .

Features to Consider

- Material and Protection: Eastern European manufacturers typically offer metal (co...
