

Explosion-proof distribution box OSRM

Overview

The explosion-proof distribution box safely delivers power in hazardous zones (oil, gas, chemical plants) with rugged, spark-resistant casing—ATEX/IECEx, IP66 certified for reliable operation in explosive environments. Flameproof enclosure (Ex d IIB+H2), which can be used as feed distribution equipment in control and distribution system (such as distribution box, switch box of main circuit, control box, terminal box or motor starting box etc.) ·Enclosure: stainless steel. Available with a wide range of built in components. Equipped with a specialised hinge structure which can prevent damage to the flameproof joints when opening and closing the box; greatly. These explosion-proof enclosures are the spearhead in terms of safety and provide optimum protection for your installed components against the ingress of gas, dust or water.
