

# Greek high-voltage distribution box manufacturer

## Article Overview

Key manufacturers of high-voltage distribution boxes in Greece include CBCL/Nuremvolt, Paralos Energy, Ilvief, and Insula Electric, serving industrial, infrastructure, and renewable energy sectors.

### CBCL / Nuremvolt

CBCL, operating under Nuremvolt Elect, is an international provider of electrical and new energy solutions with over 20 years of experience. They specialize in low, medium, and high-voltage systems, including DC circuit breaker boxes for photovoltaic systems, battery energy storage systems (BESS), and EV charging infrastructure across Greece. Their solutions cover the full voltage range from 110V to 1000kV, and they provide system design, manufacturing, integration, and after-sales support for industrial, construction, and energy projects .

### Paralos Energy

Paralos Energy focuses on the design and construction of high-voltage substations, including air-insulated and GIS substations, on an EPC basis. They provide installation, maintenance, and modernization services for electrical distribution networks, ensuring reliable operation for large-scale energy projects and industrial applications .
