

High-rise cable tray manufacturer

Article Overview

Leading manufacturers for high-rise cable trays include Atkore International, EAE Electric, ABB, Chalfant Manufacturing, and Sunil Engineering Corporation, offering heavy-duty, durable, and customizable solutions.

Key Manufacturers and Their Offerings

Atkore International is a global leader in cable management systems, providing a wide range of cable tray solutions including stainless steel, galvanized, and custom trays suitable for high-rise and industrial projects. They focus on quality, extended warranties, and international distribution. EAE Electric manufactures heavy-duty cable trays and ladders using automated roll-forming and robotic welding systems. Their products are designed for high cable density environments, offering modular solutions, interlocking splices, and stainless steel options for indoor and outdoor high-rise applications. ABB produces cable tray systems including perforated trays, cable ladders, channel trays, and strut framing. Their facilities in Canada and Saudi Arabia ensure rapid delivery and support for large-scale projects. ABB trays are adaptable, reliable, and suitable for medium to ultra-heavy-duty installations in high-rise buildings. Chalfant Manufacturing specializes in innovative cable tray systems such as self-connecting GR_Magic and RKS-Magic lines, as well as walkable BKRS trays. With over 70 years of experience, they provide tailored solutions for complex high-rise cabling needs. Sunil Engineering Corporation offers a diverse range of cable trays including ladder, perforated, and accessories, emphasizing high-quality fabrication and customization for high-rise and industrial projects.
