

Low Voltage Galvanized Cable Tray Manufacturer Supply

Article Overview

Leading manufacturers of low voltage galvanized cable trays include ABB, EAE USA, MP Husky, and Thomas & Betts, offering durable, corrosion-resistant systems for industrial and commercial applications.

Key Manufacturers and Offerings

ABB manufactures a wide range of cable tray systems including perforated trays, cable ladders, channel trays, and strut metal framing. Their products are designed for reliability, adaptability, and ease of maintenance, supporting both new installations and refurbishments across various regions . EAE USA specializes in heavy-duty cable trays and ladders made from pre-galvanized, electro-galvanized, or hot-dipped galvanized sheet metal. Their systems are suitable for indoor and outdoor use, capable of handling high cable density, and are produced using precision roll forming and robotic welding for maximum structural durability . MP Husky offers cable tray systems in mill galvanized steel, hot-dipped galvanized steel, aluminum, stainless steel, fiberglass, PVC-coated, and wire mesh configurations. Their products meet NEMA, UL, CTI, and CSA standards, making them suitable for demanding industrial environments. MP Husky also provides worldwide distribution through authorized agents . Thomas & Betts provides reliable, adaptable, and low-maintenance cable tray systems. Their galvanized trays are designed to reduce corrosion risks and installation costs while offering flexibility for future modifications or expansions .
