

Low-voltage power distribution box quotation

Article Overview

You can request a customized quotation for low-voltage power distribution boxes from multiple manufacturers, including Zoliov, Fulleto Electric, Enecell, and Julian Electric, with options for tailored specifications, OEM/ODM services, and technical support.

Key Suppliers and Quotation Options

Zoliov offers a wide range of low-voltage distribution boxes for commercial, industrial, and residential applications. They provide custom-engineered solutions based on voltage levels, capacity, and environmental conditions. You can request a quotation by submitting your project specifications, and their team provides end-to-end technical support from design to installation. Fulleto Electric manufactures the XL-21 low-voltage power distribution box rated at 380V 800A. They provide fast quotations within 24 hours and allow customization with preferred component brands like Schneider, ABB, or Siemens. Their technical team can assist with drawings, specifications, and installation guidance. Enecell specializes in low-voltage power distribution boxes with factory-direct pricing and offers OEM/ODM services. Quotations can be requested via email or phone, and they provide 24/7 support for custom solar or electrical solutions. Julian Electric provides a variety of LV distribution boxes, including JP outdoor integrated boxes, XL-21 panels, and JXF series. They offer sample orders for testing, OEM branding, and quotations within 24 hours. Lead times are typically 7 days for small orders and 15 days for larger orders, with multiple payment options available
