

Mexico Steel Cable Management Factory

Overview

Our 155,000-square-foot, fully certified facility in Nogales offers the most advanced equipment available to market-leading Fortune 500 and multibillion-dollar international companies with a full range of cable harness, wire assembly, and electromechanical needs. ArcelorMittal Mexico is an industry leader and the country's largest steelmaker. Our operations are centered in Lázaro Cárdenas. We produce everything from slab and rebar to wire rod and iron ore concentrates, and play a major role in Mexico's economy, employment base and industrial supply chain. Wire, Cable, and wire management solutions that integrate seamlessly and prepare you for future upgrades - all while complying with industry regulations. In 1982 Cablesa was founded to include High Carbon Steel Wire Ropes. Local success leads to expansion into four (4). With over two decades of expertise, we specialize in wire harnesses and cable assemblies, sheet metal fabrication, precision machining (CNC Machining), PCBA assembly, and box-build product assemblies. ICA Holdings' strategic network of facilities in the US and Mexico enables diversified manufacturing capacity to meet the high-mix, low- and. Viakable is a leader in the manufacturing and marketing of electrical conductors, emphasizing their commitment to quality and innovation.
