

Middle East fiber optic patch cord and pigtail prices

Article Overview

Fiber optic patch cords and pigtails in the Middle East typically range from \$5 to \$50 per unit depending on type, length, and connector style.

Price Overview

- **Standard Single-Mode (SM) Patch Cords:** Prices for 1-3 meter LC-LC or SC-LC single-mode patch cords generally range from \$5 to \$15 per unit in UAE and Saudi Arabia, with longer lengths or specialty connectors costing more .
- **Multi-Mode (MM) Patch Cords:** OM3 or OM4 multi-mode cords of 1-3 meters typically cost \$7 to \$20, depending on connector type (LC, SC, ST) and fiber count .
- **MPO/MTP Patch Cords:** High-density multi-fiber connectors like MPO or MTP can range from \$25 to \$50 per unit, reflecting their complexity and higher fiber count .
- **Pigtails:** Single-mode or multi-mode pigtails, usually 1-3 meters, are priced around \$3 to \$10 per piece, with bulk orders often reducing the per-unit cost .

Factors Affecting Price

- **Connector Type:** LC, SC, ST, and MPO connectors have different manufacturing costs; MPO/MTP is generally the most expensive.
- **Fiber Type:** Single-mode (OS2) is usually slightly cheaper than multi-mode (OM3/OM4) for short lengths, but high-performance OM4 can be more costly.
- **Length:** Longer patch cords increase material and shipping costs.
- **Bulk Orders:** Suppliers in the Middle East often offer discounts for bulk purchases, especially for data centers or telecom operators
