

National Standard Distribution Cabinet Wiring Colors

Overview

The mandatory colors for power wiring in the National Electrical Code (NEC) are Green, Bare, or Green/Yellow (a yellow stripe or band on green) for the protective ground (PG), and White (or alternatively Gray) for the neutral wire. Many countries, including the UK (BS-7671), China, Russia, Hong Kong, Singapore, Ukraine, Belarus, Kazakhstan, Turkey, Israel, South Africa, Argentina, Malaysia, Saudi Arabia (KSA), and the UAE, have adopted the IEC wiring color codes. We will also examine the wiring color codes used in other. Pick your state and browse state-approved Electrician CE courses — complete your continuing education hours online, with instant reporting. Orange also marks the high-leg in four-wire delta circuits. Getting this language right is the difference between a light that works and a dangerous situation involving short circuits, electrical shocks, or even fires.
