

Nepal Fiber Optic Terminal Equipment and Switches

Article Overview

Nepal offers a range of fiber optic terminal equipment and managed switches through local suppliers like NaviOn, Technovate, Smart Techno Nepal, and GigaByte Exim, supporting ISPs, enterprises, and telecom networks.

Key Suppliers and Offerings

NaviOn supplies a full suite of networking equipment for ISPs and enterprises, including routers, Layer 2/Layer 3 managed switches, fiber patch panels, OLT/ONU equipment for FTTH deployments, SFP transceivers, and fiber splicing supplies. They also provide pre-sales engineering, installation, and 24/7 NOC support, ensuring compatibility with Nepal's power conditions and local warranty support. Technovate International Pvt. Ltd focuses on end-to-end fiber optic solutions for ISPs and Cable TV operators, importing high-quality equipment directly from partner manufacturers. They emphasize consistent after-sales support and professional deployment services. Smart Techno Nepal Pvt. Ltd offers a comprehensive range of fiber accessories, testing equipment, and ICT hardware, including fiber patching and termination kits, optical termination boxes, fusion splicer electrodes, precision fiber cleaving tools, and portable field toolkits. Their products support both installation and maintenance of fiber networks. GigaByte Exim provides OLT, ONU, wireless bridges, wireless access points, optical fiber products, routers, switches, VoIP devices, and network monitoring solutions, catering to professional network communication needs in Nepal. Daraz Nepal also offers fiber optic terminals and related equipment online, providing a convenient option for smaller-scale deployments or individual purchases
