

Price of Customized Distribution Box Covers

Article Overview

Personalized distribution box covers typically range from \$1 to \$10 per unit depending on size, material, and order quantity.

Pricing Overview

The cost of personalized box covers depends on several factors:

- **Material and durability:** Standard cardboard or e-flute materials are more affordable, while premium or reinforced materials increase the price .
- **Printing and customization:** Full-color printing, logos, 3D embossing, or special finishes can raise the cost per unit .
- **Order quantity:** Smaller orders (e.g., 5-50 units) have higher per-unit costs, while bulk orders (100+ units) reduce the price significantly .
- **Size and complexity:** Larger or uniquely shaped boxes require more material and labor, increasing the price . For example, companies like Printed.com offer custom printed boxes starting from as low as 5 units, making them suitable for small-scale orders, while BoxesGen and Paper Mart typically require minimum orders of 100 units for custom printed boxes with logos . Prices for these bulk orders generally range from \$1 to \$5 per box, depending on specifications and printing options . Premium finishes, such as 3D embossing or specialty coatings, can push the cost closer to \$10 per unit .
