

Price of Fiber Optic Coupler Dust Cover

Article Overview

Fiber optic coupler dust covers typically range from \$5 to \$30 depending on pack size and type.

Pricing Overview

- Amazon offers LC fiber optic dust caps in bulk packs. For example, a 200-pack of LC fiber coupler dust caps is available for around \$25-\$30, providing anti-static, high-temperature resistant protection for LC female connectors . Smaller packs or individual caps are generally priced lower, starting at \$5-\$10 for 10-20 pieces .
- Fiber24 provides a variety of dust caps for LC, SC, ST, and FC connectors. Prices vary by connector type and pack size: 20-piece packs of LC or SC dust caps typically cost around \$5-\$15, while specialized or extra-large caps may be slightly higher .
- L-com sells protective dust caps for fiber optic adapters and couplers, including 10-pack options for LC couplers priced around \$10-\$15. They also offer universal dust caps compatible with multiple connector types, which are priced similarly and provide durable protection for network equipment .

Key Considerations

- Pack Size: Larger packs reduce the per-unit cost, making them ideal for professional or bulk use.
- Connector Type: Ensure the dust cap matches your coupler type (LC, SC, ST, FC, MU).
- Material and Features: Anti-static, high-temperature resistant, and reusable caps provide better long-term protection....
