

Price of Stainless Steel Cable Tray Installation

Article Overview

Stainless steel cable tray installation typically ranges from \$20 to \$100 per meter, depending on material grade, tray type, size, and installation complexity.

Price Overview

Stainless steel cable trays are the most durable and corrosion-resistant option, ideal for industrial, commercial, and harsh-environment applications such as chemical plants, oil & gas facilities, and data centers . Prices vary based on:

- Material Grade: 304 stainless steel is standard, while 316 offers higher corrosion resistance, especially in marine or chemical environments .
- Tray Type: Ladder trays are open and allow better airflow, generally more cost-effective for heavy cable loads. Solid bottom or perforated trays provide additional protection but can increase costs .
- Dimensions: Widths range from 50mm to 900mm, with depth variations affecting load capacity and price .
- Surface Finish: Polished or coated finishes improve durability and aesthetics but add to the cost .

Installation Cost Factors

The total installation cost per meter includes:...
