

Price of a portable three-level distribution box

Article Overview

Portable three-level distribution boxes typically range from \$200 to \$800 depending on amperage, phase configuration, and waterproof rating.

Price Overview

- Factory and wholesale options: A 63A 3-phase portable power distribution box with IP67 protection can be found at factory prices starting around \$200 to \$350 for standard models suitable for stage or event use (ABS construction, waterproof) .
- Industrial-grade units: European or high-quality industrial boxes with RCBO protection, multiple single-phase sockets, and IP44/IP67 ratings are priced higher, typically \$500 to \$800, reflecting durable construction, stackable design, and enhanced safety features .
- Retail and consumer options: On platforms like Amazon, portable power distribution boxes for temporary or light-duty use may cost \$250 to \$600, depending on amperage, number of outlets, and material quality .

Key Features Affecting Price

- Amperage and Phase: Higher amperage (e.g., 63A) and three-phase configurations increase cost.
- Waterproof Rating: IP44 vs IP67 ratings affect durability and suitability for outdoor use.
- Material and Build: ABS or polyamide enclosures with shock resistance and corrosion protection are more expensive....
