

Senegal fiber optic sensor manufacturer

Overview

Fsenz designs and manufactured fiber optic sensor system for measurement of physical parameters i. As a global leader in advanced sensing solutions, we deliver cutting-edge systems that offer unmatched performance, cost-effectiveness, and ease of installation. e temperature, stress, strain, load, acceleration, pressure in harsh environment with high measurement accuracy and fast time response. Monitor processes to sustain ecosystems, understand natural events and safeguard fragile places Help decarbonise the economy by enabling safe and economical carbon. Sailing Poland Optoelectronic Systems (SPO) supplies fiber optic infrastructure: optical transceivers, PLC splitters, ODF racks, patch cords, FTTH cabling, optical switches, and 5G fronthaul solutions. The fiber - optic oxygen sensors from PyroScience.
