

Singapore Industrial Switch Module Manufacturer

Article Overview

Leading industrial switch module manufacturers in Singapore include GSM Pte Ltd, Inter Power Engineering, Schneider Electric Singapore, and Omron Asia Pacific.

Key Manufacturers and Suppliers

GSM Pte Ltd GSM is a prominent Singapore-based manufacturer and contractor specializing in low voltage switchgear, control gear assemblies, and withdrawal modules. Established in 1988, GSM offers integrated services including the design and manufacture of control panels, low voltage switchboards, motor control centers, and power distribution units. They are known for producing products that meet international standards and providing customized solutions for industrial applications (GSM Pte Ltd) . Inter Power Engineering Pte Ltd Inter Power Engineering focuses on the design, manufacture, installation, and maintenance of electrical systems. They are recognized for their expertise in low voltage switchboards, control panels, and automation systems, offering tailored solutions for industrial and commercial facilities. Their technical innovations position them as a reputable panel builder in Singapore (Inter Power Engineering) . Schneider Electric Singapore Schneider Electric provides modular low voltage switchboards and enclosures suitable for industrial, commercial, and transportation applications. Their switchboards are designed to operate in extreme and hostile conditions, ensuring reliable power distribution and safety. Schneider Electric also offers prefabricated solutions to reduce risks of short circuits and enhance operational integrity (Schneider Electric Singapore) . Omron Asia Pacific Omron supplies industrial relays, switches, connectors, and sensors, supporti...
