

Southeast Asian New Energy Distribution Box Manufacturer

Article Overview

Key manufacturers in Southeast Asia include Asiatic Group, GEYA, and Youngo, offering certified, high-quality distribution boxes for renewable energy and low-voltage applications.

Leading Manufacturers

1. Asiatic Group (Singapore) Asiatic Group specializes in enclosures and distribution boxes designed for harsh environmental conditions, including dust and humidity. Their products, such as HENSEL and ENYCASE series, are made from thermoplastic polystyrene and polycarbonate, offering IP65 to IP67 protection, UV resistance, and flame retardancy. These boxes are suitable for low-voltage energy distribution in residential, commercial, and industrial applications . 2. GEYA (China, serving Southeast Asia) GEYA manufactures distribution boxes, miniature circuit breakers, DC surge protectors, and smart electricity meters for optical energy storage and solar systems. Their products are UL, CSA, TUV, and CE certified, with IP65 protection, and are designed for single-phase photovoltaic systems up to 3kW. GEYA emphasizes in-house production, quality control, and customization to meet client specifications . 3. Youngo Electric (Southeast Asia presence) Youngo has over 23 years of experience in distribution box manufacturing, focusing on quality, R&D, and new product development. They provide metal enclosures and distribution boxes suitable for renewable energy integration and low-voltage applications .
