

The earliest steel-structured cable tray in the country

Overview

This wire basket became the first metal cable tray, a design that addressed the issues of accessibility, safety, and efficiency. Halpern's invention allowed for easy installation and reconfiguration of cables, setting a new standard for cable management. Explore the one-stop shop for innovative, fast, and dependable cable management systems including wire mesh tray, ladder cable tray, prefab assemblies, fasteners, and assemblies. Constructed from our dependable ladder tray components. Hubbell Wiring Device-Kellems and Hubbell Premise Wiring are divisions of Hubbell Incorporated, a U. headquartered manufacturer with over 130 years of supplying solutions for the electrical and data markets. Hubbell's strength is demonstrated by a long-standing reputation for supplying reliable. The history of steel structure development tells the story of how metal reshaped modern architecture — from early iron frameworks to the intelligent, sustainable, and high-rise steel structures that define today's skylines.
