

Tunisian Vertical Junction Box Price Quote

Article Overview

The price of a vertical junction box in Tunisia varies widely depending on material, size, and supplier, typically ranging from \$20 to \$150 or more per unit.

Factors Affecting Price

- **Material:** Metal (steel, stainless steel) boxes are more expensive than plastic or PVC enclosures due to durability and corrosion resistance .
- **Size and Capacity:** Larger boxes that accommodate more wiring or higher load capacities cost more .
- **Environmental Protection:** Boxes rated for outdoor use, waterproofing, or chemical resistance increase the price .
- **Brand and Supplier:** Imported boxes from Europe or Asia may have higher costs due to shipping and customs .

Sourcing Options

- **Local Electrical Suppliers:** Tunisian electrical wholesalers may provide vertical junction boxes with pricing based on quantity and specifications.
- **Online Marketplaces:** Platforms like Alibaba or IndiaMART list junction boxes with international shipping options, which can be used to request quotes for delivery to Tunisia .
- **Industrial Distributors:** Companies specializing in industrial electrical equipment often provide bulk pricing and technical support for selecting the right enclosure
